### First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

### Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1994 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

### CARFAX History Impact™

Accidents, service records, number of owners and many other history factors can affect a vehicle's value. The CARFAX History Impact is a tool that analyzes millions of used car transactions to measure how the combination of all the information reported to CARFAX affects the value of a particular vehicle. The vehicle's retail book value plus the CARFAX History Impact will give you a more accurate measure of the vehicle's value. Use this tool, along with a vehicle inspection and test drive, to make a better decision about your next used car.
