Other Records

CarProof searches many other data providers for vehicle details, and if there are any records found, the balance will appear in this

Data Source	Date	Detail	Od
CAMVAP		No CAMVAP buyback found.	
Sherlock Antitheft Marking		No Sherlock records found.	

CAMVAP is a cross-Canada program that consumers can use to resolve disputes with a vehicle manufacturer about defects in the materials, or how the manufacturer is applying or administering its new vehicle warranty. A CAMVAP Buyback is a vehicle which has been ordered to purchase from a consumer under the Canadian Motor Vehicle Arbitration Plan. For more information, see www.ca

ICBC Disclaimer

The information supplied by ICBC is a report of the vehicle's status and the vehicle's claims history. Vehicle status shows whether a vehicle is qualified to be licensed and is used to track:

- vehicles sold by insurance companies as salvage
- salvage vehicles which have been rebuilt, inspected, and relicensed
- wrecked vehicles that have been decommissioned and can only be resold for parts.

The vehicle status may not represent the vehicle accurately for a number of reasons, including a written-off vehicle that hasn't been reported to the B.C. vehicle registry or a vehicle with major damage. The vehicle claims history is a report of vehicle damage and includes repairs paid by ICBC and outstanding damage estimates. It may be incomplete for various reasons, including the owner did not deny the claim.

In addition, the estimate information may not necessarily reflect the actual cost of repairs, list the area of the vehicle that sustained the greatest force of impact, or indicate the primary area of damage. Consumers are encouraged to read ICBC's full statement of limitations at <https://onlinebusiness.icbc.com/vdwqs/VDWQSServlet/DisplayLimitationStatement>.

ICBC recommends the vehicle be inspected by a qualified mechanic to obtain a more complete assessment of the vehicle's condition.
